

M/V Via Australis & M/V Mare Australis

The M/V Via Australis and the M/V Mare Australis have been specifically constructed for expedition cruising off the southern tip of South America. They are 233 feet long and 42 feet wide, accommodating 132 passengers in 64 spacious cabins. All of the attractively decorated cabins are 15 sq. meters (approximately 161.5 sq. ft) with picture windows, private bathrooms and either two lower beds or one double bed. With a crew of 40 plus lecturers and guides, passengers enjoy maximum attention, excellent cuisine and fine Chilean wines. For deck plans and more photos, visit our website: www.ecoadventures.com, key search words: deck plans.

Cabins B, A, AA and AAA are the same size (approx. 161 sq. ft.) with picture windows, private bathrooms and either two twin beds or one double bed. They vary only by location. Category B cabins also have an upper pull-down berth for triples.
